

# Baker's AgriLime

| CHEMICAL ANALYSIS                        | Guaranteed % |
|--|--------------|
| Calcium Carbonate Equivalent (C.C.E.)    | 104          |
| Calcium Carbonate (CaCO <sub>3</sub> )   | 53           |
| Magnesium Carbonate (MgCO <sub>3</sub> ) | 43           |
| Total Carbonates                         | 96           |
| Calcium Oxide (CaO)                      | 30           |
| Magnesium Oxide (MgO)                    | 20           |
| Total Oxides                             | 50           |
| Elemental Calcium                        | 21           |
| Elemental Magnesium                      | 12           |
| Effective Neutralizing Value             | 60           |
| Effective Neutralizing Power             | 59           |
| Maximum Moisture Content %               | 15           |

| SCREEN ANALYSIS     |              |
|---------------------|--------------|
| U.S. Standard Sieve | Guaranteed % |
| 10 Mesh             | 90           |
| 20 Mesh             | 75           |
| 60 Mesh             | 50           |
| 100 Mesh            | 40           |

**Baker's AgriLime is an economical product to improve crop growth and increase pasture yields by neutralizing acidic soils.**

- \* Adjusts soil pH for crop performance.
- \* Dolomite Limestone supplies Calcium and Magnesium
- \* Improves soil physical, chemical and biological properties.
- \* Reduces fertilizer costs while increasing efficiency
- \* Ensures nitrogen availability
- \* Conditions clay soils and heavy soils.
- \* Promotes activity of beneficial bacteria in soil.
- \* Promotes effectiveness of herbicides.

Type of Agricultural Liming Material: Damp coarse sized, product is a blend of crushed limestone and co product lime from the lime manufacturing process.

320 North Baker Road York, PA. 17408
